WESTERN IOWA POWER COOPERATIVE NOTICE OF ANNUAL MEETING OF MEMBERS

The Annual Meeting of the Members of Western Iowa Power Cooperative will be held at The Stables at Copper Ridge in Denison, Iowa, at 7:00 P.M., on August 31, 2023, to take action upon the following matters:

1. The reports of officers, directors, and committees.
2. The election of four (4) directors of the Cooperative for a term of three years each.
3. All other business which may legally come before the meeting or any adjournment or adjournments thereof.

In connection with the election of directors scheduled for this meeting, the following members have been nominated for Director by the Committee on Nominations appointed by the Board of Directors of the Cooperative pursuant to the Bylaws.

THREE-YEAR TERM (Four to be elected)

<u>District No. 1:</u>	Mike Friis	Kenneth Smith
<u>District No. 2:</u>	Tom Green	Louis Reed
<u>District No. 7:</u>	Brian Lundell	
<u>District No. 8:</u>	Mike Fink	Gary Volkert

We encourage you to complete the ballot and return it in accordance with instructions that accompany the ballot. We encourage you to exercise your rights as a member and vote. You are also encouraged to attend the meeting, hear the reports of the officers, and transact such other business as may come before the meeting. Please contact the Cooperative if you have any questions.

Each WIPCO member is eligible to receive one \$10 bill credit in conjunction with our District and Annual meetings. This bill credit can be received for either attending one of our meetings OR for mailing in a ballot to vote in our director elections. If you do not vote by mail, you will have an opportunity to vote in person at the meeting.

DATED this 28th day of July 2023.

Peter Alexander
Peter Alexander, Secretary

District Meeting & Annual Meeting Registration to be Done Electronically!

2023 District Meeting - 8/29/2023
2023 Annual Meeting - 8/31/2023

Willy Wiredhand

3750 Anywhere Dr
Denison, IA 51442

Watch your mailbox in early August for a special mailing to contain a flyer with a registration card similar to the example shown above. If you are planning to attend the District and/or Annual Meetings, please bring the card, as we will use it to register you for the meeting and prize drawings.

Western Iowa Power Cooperative's mission is to enhance our members' quality of life by providing safe and reliable electric services.

Message From the General Manager & Board Presidents

Marcus Rihner
WIPCO Executive
Vice President &
General Manager

Janet Iversen
WIPCO Board
President

The word “connection” has many meanings and connotations in today’s world. As digitalization continues to grow in nearly every sector, we can connect with our schools, health care providers, local businesses, and nearly everyone we come in contact with via virtual means. At the same time, research abounds on the continued need to connect with others beyond digital connections. At WIPCO, 2023 has been a year of striving to connect with our members in many meaningful ways.

Technological Connections

Earlier this year, we introduced our WIPCO mobile app. As a WIPCO member, you can now make a payment, review your energy usage and statements, or sign up for notifications from your smartphone or mobile device. We also updated the look and feel of our website, modernizing the platform and providing additional resources and ways for us to connect with you.

From a “behind the scenes” perspective, we have implemented or enhanced several technological platforms to serve our members more effectively. Our meter data management software has allowed us to instantly analyze usage and trends to help our members use energy more effectively. We have enhanced our outage management system to allow us to accurately track even the most instantaneous of outages, helping us to analyze trends, research outage sources, and further improve our reliability. We are also in the process of implementing digital software

packages which will allow us to plan and execute line construction and service projects much more quickly and effectively.

Financial Connections

As a not-for-profit electric cooperative, WIPCO strives to provide safe and reliable electricity at the lowest possible cost to our members. Inflation and rising costs continue to impact your cooperative just as they are impacting businesses across the nation, but we continue to strive to control our costs and to work with our generation and transmission partners to keep our rates as low as possible. We continue to monitor and evaluate our energy rates as always, but we take pride in having been able to keep our members’ energy rates steady for over six years.

In the face of global economic uncertainty, we also continue to provide value back to our members in the form of patronage dividends, also referred to as capital credits. As a not-for-profit entity, WIPCO returns any net profits generated to our members based on the year and amount of your energy billings. In 2023, WIPCO has returned over \$320K to our members via patronage checks, bringing the total cash returned to our members to date to nearly \$7.5 million.

Energy Connections

Through supply chain uncertainty, rapid inflation, and legislative energy debates, WIPCO has continued to provide the reliability you expect from your electric cooperative. Our load control and energy efficiency programs continue to provide value and energy stability to our members, and we continue to work with our local, regional, state, and national partners and legislators to emphasize an “all-of-the-above” energy strategy which includes both renewable and baseload energy sources.

Making connections with you, our members, is why we do what we do each day at WIPCO. Thank you for your membership and support, and for giving us the opportunity to connect with you in so many ways!

Report from the NIPCO Board

Louis Reed
NIPCO Board
President

WIPCO purchases wholesale power from Northwest Iowa Power Cooperative (NIPCO), a western Iowa generation and transmission cooperative.

I am pleased to be WIPCO’s representative on the NIPCO Board and serve as their board president.

The primary ways NIPCO supports its members are in the areas of reliability of power supply, the resiliency of infrastructure, and ensuring generation resources are available to meet electric demand.

NIPCO’s ongoing, multi-year Renewal and Replacement Plan centers on rebuilding substations, transmission lines, and switches to incorporate newer technologies that improve capacity, physical strength, and communications features. Transmission lines are rebuilt to address sections that have reached end-of-service life, to increase power flow capacity and improve ice and wind loading.

The use of NIPCO’s 975-kilowatt battery storage system (charged during off-peak hours and discharged during peak hours), coupled with its load management system, reduces peak power demand charges. Avoided purchased power savings generated through the operation of the battery storage units are spread across the entire NIPCO membership, and ultimately, benefit all member-consumers.

We rely on NIPCO for stable rates, innovative and efficient operations, and services that power western Iowa in ways that build brighter futures and re-energize the rural landscape. 22-01-2226

I thank you for the opportunity to continue to represent the membership and look forward to the future!

Creating Connections Through Economic Development

Although the core purpose of your Cooperative is to provide you with safe and reliable electricity, WIPCO's core values include being responsive to your needs and making a difference in the areas we serve. WIPCO participates in economic development by working

NEW Cooperative's Project Manager, Frank Huseman, takes WIPCO Board Members and Staff on a tour of the fertilizer shed located at the Port of Blencoe. The shed stores fertilizer for both wholesale and retail distribution.

closely with local development organizations and offering technical and financial assistance to new businesses and existing businesses planning expansions or relocations.

One recent project, located in WIPCO's service territory, is NEW Cooperative's Port of Blencoe barge loading and unloading terminal. The Port of Blencoe, located on the Missouri River, opened in 2021 and has the ability to ship a variety of products including corn, soybeans, fertilizer and rock, to name a few.

NEW Cooperative Project Manager, Frank Huseman shows WIPCO Board and Staff the Port of Blencoe barge site.

The road from the interstate to the Port of Blencoe was recently paved and will help bring products to and from the facility. The barge facility is the first project here, but additional businesses can come in and spur off the barge development and bring more business to the area that WIPCO serves, which in turn will benefit all WIPCO members.

Contact Stephanie Wiese at stephanie.wiese@wipco.com for information about current financial and technical assistance programs.

WIPCO staff and directors attended the ribbon cutting to celebrate the completion of the new barge access road.

Exciting Update from WIPCO!!

Denison Office Expanded Summer Hours

Monday	6:30am - 4:30pm
Tuesday	6:30am - 4:30pm
Wednesday	6:30am - 4:30pm
Thursday	6:30am - 4:30pm
Friday	6:30am - 11:00am
Saturday	CLOSED
Sunday	CLOSED

For outages, please call 1-800-253-5189.

Starting July 31, 2023, we're adjusting our summer office hours to better serve you. This change will allow our employees to complete more work each day during the summer. Plus, you'll have extended access to our services throughout the week, Monday through Thursday.

Please note that after 11:00 a.m. on Fridays, our office and warehouse in Denison will be closed. Our Onawa office hours will remain 7:30 a.m. to 4:00 p.m., Monday through Friday. Our phone lines will still be active 24 hours per day, 7 days a week.

For questions or more information, contact our customer service team at 800-253-5189.

Creating Member Connections - Members, Community & Youth

Schedule Upcoming Projects With Your WIPCO Member Services Team.

We are ready to handle any size project you may have. Please give us as much notice as you can so we can schedule your project in a timely manner.

- Wiring your home remodeling project or your entire new home
- Wiring your garage, shop or livestock building
- Wiring grain handling systems
- Wiring irrigation systems
- Sell, install and service Marathon® and Bradford White® water heaters
- Sell, install and service air-to-air heat pumps, geothermal heat pumps and central air conditioning
- On-site solar anywhere in Iowa, Cooperative Solar for WIPCO Members
- Briggs & Stratton® generators
- All your lighting needs

Give us a call at 800-253-5189

Youth & Community

Your Cooperative continues to support area community organizations and youth. In 2022, your Cooperative:

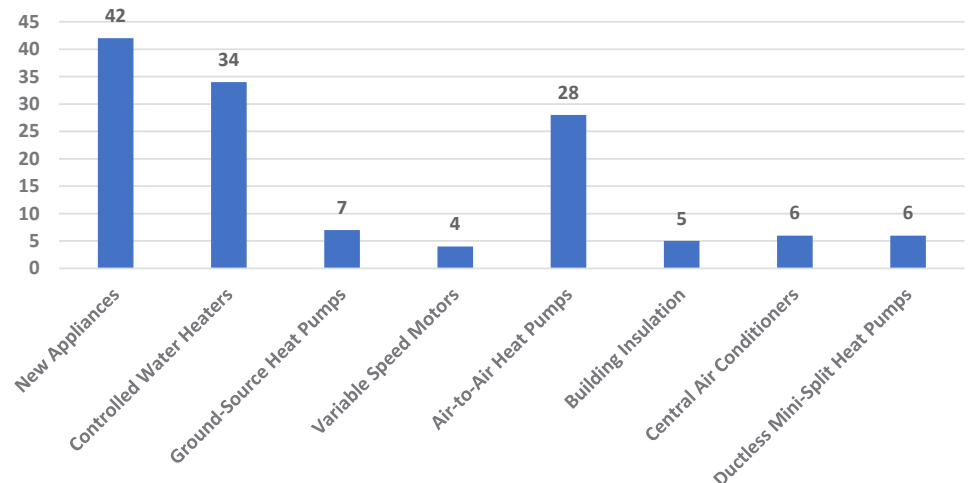

- Awarded six scholarships to dependents of WIPCO members. Now in its 33rd year, we have awarded \$113,000 since the start of the program.
- Donated to youth programs, hospital foundations, and participated in local development organizations through staff support and USDA revolving loan fund assistance.
- Presented safety and career demonstrations to hundreds of area students and adults.

The chart at right shows the type and number of rebates paid to Western Iowa Power Cooperative members in 2022. Those rebates totaled \$106,804.

Visit www.wipco.com and click on the Rebates & Efficiency tab for a complete list of our energy efficiency rebates and information on how you can save. You can also call our member services department at 800-253-5189 and ask to speak to one of our energy experts.

WIPCO Employee Goes Above & Beyond

A big shout out to WIPCO employees who not only give it their all every day on the job for our members but who also go above and beyond to help those in need.

WIPCO Foreman, Mark Trotter was recently recognized as a “Community Hero” by Crawford County Memorial Hospital for his assistance in transporting CCMH personnel and equipment when their ambulance was unable to traverse rough terrain to reach a patient in need. Excellent job, Mark!

From assisting an out-of-town visitor who had a flat tire on a cold day in December, to volunteering as fire fighters, youth coaches, church board members, hospital board members and more, as well as donating to local charities, WIPCO employees believe in the power of human connections!

Pictured left to right is Alex Alvarez, EMT; Cori Rayevich, CCMH Paramedic Coordinator; Mark Trotter, WIPCO Foreman; Matt Howland, EMT; and Makenzie Reis, EMT.

Annual Meeting of Members Minutes - 2022

The Annual Meeting of the Members of Western Iowa Power Cooperative was held at the Onawa Community Center in Onawa, Iowa at 7:00 P.M. on the 25th day of August, 2022.

The meeting was called to order by Louis Reed, President of the Cooperative, who presided, and Peter Alexander, Secretary of the Cooperative, acted as Secretary of the meeting and kept the minutes thereof.

An invocation was provided by a local pastor.

The members then joined President Louis Reed in the Pledge of Allegiance.

The Chairman called for any remaining ballots for the Director election and after those were collected, the balloting was declared closed.

The Chairman stated that it would be in order to accept the list of members voting in lieu of roll call, whereupon a motion was duly made, seconded and carried, to accept the list of members voting in lieu of roll call. A list of the members who voted at the meeting is attached to these minutes and made a part hereof by reference.

The Secretary, Peter Alexander, then read a copy of the Notice of the Annual Meeting of Members, together with proof of the mailing of said Notice to all members of the Cooperative, and such notice and proof were ordered to be annexed to the minutes of this meeting. 56-34-42599

The Secretary offered to read the minutes of the Annual Meetings of Members held August 26, 2021. A motion was duly made, seconded and carried, to waive the reading of said minutes, and they were thereupon declared to be approved and were ordered to be filed in the records of the Cooperative.

General Manager Rihner next introduced special guests in attendance, including former Directors and employees, and employees from other cooperatives.

General Manager Rihner introduced the Directors and thanked them for their service. He also introduced

the Director candidates and the Nominating Committee members.

General Manager Rihner introduced Matt Washburn, the Executive Vice President and General Manager of the Cooperative's power supplier, Northwest Iowa Power Cooperative, who gave a presentation concerning power supply issues including the winter storm in 2021, reliability issues, WAPA drought issues, and the grid scale battery project.

General Manager Rihner presented his report on the operations of the Cooperative. Manager Rihner discussed reliability, changes in the energy industry, WIPCO's mission, and activities of the last 2 years. He also reported on WIPCO's solar generation, technology, and innovation. General Manager Rihner concluded his report by recognizing the employees for their hard work.

Attorney Dennis Puckett was introduced, and he stated that the next order of business was the election of three Directors for a term of three years. As previously noted by General Manager Rihner, in accordance with the By-laws, the Board of Directors had appointed from the members of the Cooperative a Nominating Committee consisting of: Dennis Backhaus, Karl Albertsen, James Alexander, Mark Schwery, Brad Otto, and Chairman Dennis McCandless.

The candidates for Director nominated by the Nominating Committee were as follows:

Three-Year Term **(Three to be elected)**

District No. 4: Peter Alexander
(One to be Elected)

District No. 9: Janet Iversen
(One to be Elected) John Walsh

District No. 10: Mike Blum
(One to be Elected)

The report of the Nominating Committee was ordered to be identified by the Secretary and annexed to the

minutes of the meeting.

Attorney Puckett stated that Dennis McCandless, Karl Albertson, Mark Schwery, Betty Schwery, and Dennis Backhaus had been appointed as Inspectors of Election. A vote was taken by ballot and the ballots were previously delivered to the Inspectors for counting.

The Certificate of the Inspectors of Election was then presented and read, certifying that the following members, having received the highest number of votes cast, had been duly elected Directors of the Cooperative to hold office for the term specified, and until their successors shall have been elected and qualified:

Three-Year Term

District No. 4: Peter Alexander
(One to be Elected)

District No. 9: Janet Iversen
(One to be Elected)

District No. 10: Mike Blum
(One to be Elected)

The Chairman directed the Secretary to annex the Certificate of the Inspectors of Election to the minutes of this meeting, and thereupon declared such members duly elected Directors of the Cooperative to hold office for the term specified, and until their successors shall have been elected and qualified.

Chairman Reed then recognized all of the employees for their dedication and service with the Cooperative. Awards were also presented to employees in recognition of service anniversaries. He also recognized employees scheduled to retire this year.

The Chairman asked for any old or new business and there was none.

There being no further business to come before the meeting, upon motion duly made, seconded and unanimously carried, the meeting adjourned.

Peter Alexander, Secretary
Approved:

Energy Efficiency Tip of the Month

Did you know ceiling fans can make a room feel 4 degrees cooler? To save energy through ceiling fan use, remember to raise your thermostat a few degrees while fans are turned on. Ceiling fans can help improve comfort year-round. In the summer, operate ceiling fans in a counterclockwise direction. Reverse the direction to clockwise during winter months and set fans on a low speed so warm air can circulate from the ceiling to the lower levels of the room. Remember, ceiling fans cool people, not spaces. Be sure to turn them off when you leave the room.
